

## **Available Position: Land Representative, Gulf of Mexico Business Unit located in Covington, Louisiana through August 6, 2010**

**Overview:** Chevron Corporation is one of the world's leading integrated energy companies with subsidiaries that conduct business across the globe. The company's success is driven by the ingenuity and commitment of approximately 62,000 employees who operate across the energy spectrum. Chevron explores for, produces and transports crude oil and natural gas; refines, markets and distributes transportation fuels and other energy products and services; manufactures and sells petrochemical products; generates power and produces geothermal energy; and develops and commercializes the energy resources of the future, including biofuels and other renewables. Chevron is based in San Ramon, California.

Chevron North America Exploration and Production (CNAEP) is accepting online applications for the position of Land Representative, Gulf of Mexico Business Unit located in Covington, Louisiana through August 6, 2010.

This position will be responsible for providing a variety of Land activities in support of CNAEP's exploration and production operations in the Gulf of Mexico Shelf, Gulf of Mexico Deepwater and / or onshore Louisiana.

All interested must apply through the Chevron external Career Opportunities web site.

**Position Details** Responsibilities for this position may include but are not limited to:
